

**CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL COAST REGION**

895 Aerovista Place, Suite 101
San Luis Obispo, California 93401

**NOTICE OF PUBLIC HEARING - PUBLIC NOTICE
REISSUANCE OF WASTE DISCHARGE REQUIREMENTS ORDER NO. R3-2021-0005
NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM
PERMIT NO. CA0048127
FOR THE
CITY OF LOMPOC REGIONAL WASTEWATER RECLAMATION PLANT
WITH DISCHARGE TO SAN MIGUELITO CREEK**

The California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board) proposes to authorize the discharge of treated wastewater from the City of Lompoc Regional Wastewater Reclamation Plant by reissuance of waste discharge requirements.

La Junta Regional para el Control de la Calidad del Agua (Regional Water Quality Control Board) está notificándole a todas aquellas personas interesadas sobre un permiso preliminar para la planta de tratamiento de aguas residuales de Lompoc. Si desea obtener información en español, póngase en contacto con Monica Barricarte al (805) 549-3881.

The reclamation plant discharges secondary treated wastewater to San Miguelito Creek and produces disinfected tertiary recycled water. A copy of the proposed waste discharge requirements can be found after March 30, 2021 on the Central Coast Water Board's tentative orders page at:

https://www.waterboards.ca.gov/centralcoast/board_decisions/tentative_orders/

The Central Coast Water Board will hold a public hearing to consider the issuance of the proposed waste discharge requirements on:

June 17-18, 2021

This meeting will be held by video and teleconference due to COVID-19 guidelines. Information regarding the video and teleconference will be available as part of the meeting agenda, at:

https://www.waterboards.ca.gov/centralcoast/board_info/agendas/2021/2021_agendas.html

Interested persons are invited to submit comments in writing to the Central Coast Water Board by email at centralcoast@waterboards.ca.gov or to the San Luis Obispo address above no later than **April 29, 2021**. All comments received prior to that date will be considered in the formulation of staff recommendations regarding the waste discharge. The Central Coast Water Board will not accept written comments or other written

submittals on the proposed waste discharge requirements after April 29, 2021, unless the Chair of the Central Coast Water Board rules that exclusion would create a hardship, and that the late submission will not prejudice any party or the Central Coast Water Board. Any person submitting late comments or other submittals must explain why such materials were not submitted by April 29, 2021. The Chair of the Central Coast Water Board will rule on late submittals at or before the hearing. Late submittals that consist of evidence (as opposed to policy statements or comments) are generally prejudicial unless all parties and Central Coast Water Board staff have time to consider the evidence before the hearing.

Interested persons are invited to attend the virtual hearing and may make oral comments relevant to the proposed action. Oral comments should summarize written comments. The Chair of the Central Coast Water Board will impose time limits on oral comments.

The Report of Waste Discharge, Fact Sheet, related documents, and all comments received may be inspected and copied by the public. Due to State guidelines on COVID-19, please submit any requests to review documents electronically to Peter von Langen at (805) 549-3688 (or peter.vonlangen@waterboards.ca.gov) or Phil Hammer at (805) 549-3882 (or phillip.hammer@waterboards.ca.gov). Please bring the foregoing to the attention of any persons known to you who would be interested in this matter.
